**Safe and Efficient** Avoid the danger of non-EPA approved propane type heaters.

**Compact Design** Metal cabinet measures only 5 inches wide by 3-5/8 inches high and 6 inches deep.

**Quality Parts** Constructed with high quality parts. High-tech fan with 100 cubic feet per minute output.

**Works on most carts** 36 Volt, 42 Volt and 48 Volt models are available. Easy to convert from one voltage to another.

**Two Heater Ranges** High 1000 Watts/20 Amp; and Low 500 Watts/10 Amps.

**Easy to Install** Three mounting options. Takes only 20 minutes to install. No drilling in most cases. Comes complete with H.D. fuse cable.

**Adjusts to any direction** The fully adjustable mounting bail allows you to control the direction of the heat.

**PLUS** One year full warranty on all parts. Comes complete with detachable fused power cable.
